

# THE NAVIGATORS

To Whom It May Concern:

I am writing this letter to recommend Chad Brennan and Renew Partnerships as an excellent resource for communities, churches, and government organizations. Chad's knowledge of current issues in ethnic relations, his vision of what could be, and his skill in relating to people are what is needed for such a time as this. Renew Partnerships is pioneering a work that is long overdue, and is putting words into action.

I wholeheartedly support Chad and this organization in the endeavors that they are undertaking, and recommend them to others for their insight and work that they bring to the table.

Sincerely,

Paul Isaacs, II
